PROFIL

I'm Mehdi DIAS GOMES, I'm 20 years old, and I've been passionate about development since I was 15. I truly discovered web development in practice at the age of 19. Currently, I am doing an apprenticeship at Flippad in Nancy while pursuing a Bachelor's degree in full stack web development in Metz Numeric School. My journey is driven by an insatiable curiosity and a constant desire to learn and master new technologies.

COMPLETED PROJECTS

Pokédex (Still in development)

2024

React.js, TailwindCSS, JS, GIT, PokéAPI

I designed this Pokédex to further familiarize myself with using React and integrating an API.
